your soul like never before.*

# CRAFT CONCOCTIONS

*Embark on a refreshing journey with our specially curated craft concoctions.*

*Did you know that every creation in this universe is made up of Pancha Bhutas AKA five elements -- Earth (Prithvi), Water (Jala), Fire (Agni), Air (Vayu) and Space (Akasha). These elements majorly influence our physical, spiritual, emotional and mental states. What we consume physically, spiritually, emotionally and mentally draws the basis of our character and behaviour.*

*Along with the elements we have the five taste profiles which are Sweet, Sour, Salty, Bitter & Umami. Our craft concoctions are inspired by the Five elements and tastes, offering you a unique cocktail experience that'll leave you enchanted.*

*Each taste profile is said to titillate any two elements in our bodies. Enjoy these flavorful concoctions while the spirits do their magic.*
